

Producer Link Quick Start Guide

Step 1: Open the Case

Step 2: Plug in the Power to the Unit

Step 3: Plug in the Ethernet

****The ethernet cable must be plugged into your modem or into a wall jack that has open access to the internet. You may need to consult with your IT team if you have specific firewall settings that would restrict internet access.****

Step 4: An On-Site Producer will connect at your scheduled time to walk you through the rest of the process!
